

AKSHAYA V

Full Stack Developer (Fresher) | Web Development

+91 8870744591 | akshayavs2013@gmail.com | GitHub: Ak-somanathan | Puducherry

PROFESSIONAL SUMMARY

Information Technology graduate (2026) with hands-on full-stack development experience across Python, SQL, and web technologies, built through academic projects and two development internships. Skilled across the full software development lifecycle — coding, database design, debugging, and testing — with strong fundamentals in data structures and Git-based version control. Quick to learn new tools and technologies, with a genuine interest in building reliable, well-tested software as part of a collaborative engineering team.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React.js

Back-End: Python, Django (Rest APIs)

Database: MySQL, SQL Queries, Database Design

Tools & Practices: Figma, Git, GitHub, SDLC, Data Structures, File Handling, Debugging & Testing

Currently Learning: Flask/FastAPI, AWS cloud deployment

PROJECTS

Detection & Mitigation of Attacks on Medical IoMT Devices 2025 – 2026

- Built a real-time full-stack security system that detects network attacks on medical IoMT devices and automatically blocks threats, integrating backend logic with a MySQL database.
- Developed and tested rule-based detection logic in Python, debugging edge cases to improve detection accuracy and system reliability.

Regional Event Navigator App 2024 - 2025

- Contributed to a full-stack mobile app for discovering regional events, designing user flow and collaborating with the team on front-end usability.
- Worked with Node.js and SQL to plan backend features and database structure for storing and retrieving event data.

INTERNSHIPS

Python Developer Intern - CodSoft 3 Months

- Applied Python programming to real-world tasks, writing and debugging scripts and strengthening core logic-building for backend development.

Web Development Intern - Nexgen Technologies 1 Month

- Built and tested components of web applications, gaining hands-on experience in backend development and structured system design.

EDUCATION

Bachelor of Technology in Information Technology 2022 - 2026

CGPA: 8.84

Higher Secondary Certificate 2021 - 2022

Percentage: 83%

Secondary School Leaving Certificate 2019 - 2020

Percentage: 76%

CERTIFICATIONS

- Diploma in Python – Amaze Institute
- AWS Cloud Foundations – AWS Academy
- CASTILO'25 Hackathon – RU
- Javascript – Certiport
- Html & Css – Amaze Institue
- UI / UX Workshop – VEI Technologies
